WHY THE NETHERLANDS?

The Netherlands is one of the most popular destinations for school hockey tours. The competitiveness of the Dutch hockey leagues attracts top athletes from all over the world. Many of the sports top names have spent time playing in the Netherlands. Both the men's and women's national teams have been hugely successful. The men's national team has won the Olympics three times and the Hockey World Cup three times. They've also won the Champions Trophy eight times, the EuroHockey Nations Championship seven times and the Hockey World League once. They're currently ranked number one in the FIH World Rankings and are current World Champions. They're the most successful team in World Cup history. They've also won ten Olympic medals, including three golds. Apart from the Netherland's outstanding hockey, exploring this country is an exciting prospect for any traveler — from its colorful tulip fields and windmills to the vibrant cities jam-packed with culture, cuisine, and history. Your expectations will surely be met; whether you're looking to feel inspired by art museums, cycle around countryside villages, or visit architectural wonders such as Gouda cheese markets.
